

To know you is to love you (Version 2)

1 / 2

Wolfgang:

You cry with an angel's face
Desperate, hurt – but strong and proud
Since you are here with me
It's clear to me heaven must miss you like hell
I can't hide myself from you
Your eyes look through the wall I built around my soul
And this closeness makes me lose control

To know you means to love you
You make me complete
You burn away my doubts and fears with eternal heat
So please let me caress you
I don't want to possess you
From now on 'till my heart declines to beat

Constance:

I promised myself one day
No one would ever see me cry
So many crossed my way
But they refused to stay and I don't know why
Trusting always just makes you weak
But you are not like them, I see it in your eyes
Just like me, you've had enough good-byes
To know you means to love you
You make me complete

Wolfgang:

Thinking of you means to miss you

Constance:

You burn away my doubts and fears with eternal heat

Wolfgang:

To touch you means to dance

Constance:

I want to be your saver
To hold you when you waver

Wolfgang (same time):

A lifetime lying in your arms

Constance and Wolfgang:

From now on 'till my heart declines to beat

Constance:

No matter

Wolfgang:

No matter

Constance:

How dark the future seems

Wolfgang and Constance:

We will achieve our dreams!

To know you means to love you
You make me complete
You burn away my doubts and fears with eternal heat
I will try to relieve you
To trust you and believe you
From now until our hearts decline to beat!
