

# Close to home

## 1

You listen when I talk  
And it's not just your ears that take me in  
You make me feel at ease  
You make me feel some peace

You caught me when I fell  
I don't know what I'd done without your help  
You pulled me out of hell  
You made me feel so well

And there's a side of me  
That wonders why  
I stop myself from getting high

And there's a side of you  
That knows the truth  
I can't commit to you

Those little last few steps  
I cannot take  
So close to home

## 2

Your kisses are so soft  
I love the way you taste, the way you move  
Love everything you do  
But I just don't love you

You gave me everything  
That I was craving for, and so much more  
I know you truly care  
I know it's so unfair

But there's this side of me  
I can't deny  
I stop myself from getting high

And there's this side of you  
That knows the truth  
I can't commit to you

Those little last few steps  
I cannot take  
So close to home

If I had a choice  
You'd be my girl  
I'd love you more than anything in this world

And if I were to choose  
We'd never lose  
We'd have it all

These little last few steps  
I cannot take  
So close to home
